

ST.GALLEN SYMPOSIUM

AT A GLANCE

WHERE ASPIRATIONS GET INSPIRED

The St. Gallen Symposium is the **world's leading initiative** for intergenerational debates on economic, political, and social developments. We bring together key decision makers, thought leaders, and brilliant young minds to address current **challenges and opportunities** on transforming ideas into action. We are a student-run initiative combining **excellence with innovation**: A unique and extraordinary experience.

7-8 MAY 2020

GROUPS OF PARTICIPANTS...

600

senior leaders from business, politics, academia and society

100

high potential future corporate leaders and emerging entrepreneurs

300

brilliant young minds selected through the Global Essay Competition and our talent scouting network

... **DISCUSS THE MAIN CHALLENGES OF OUR TIME.**

UPCOMING TOPIC

Freedom Revisited

In the face of global power shifts, climate change, and rapid technological disruption, the perception of individual freedom has been called into question. We believe that it is crucial to rethink which aspects of freedom have to be recalibrated and which ones need to be defended.
